Villa Description

Located at the lovely Sion Hill Plantation House, the Orchard Apartment is a spacious 3 bed, 3.5 bath unit of over 3,000 sq ft. The apartment was created in 1998 when major renovations to the plantation house were undertaken. The

present modern apartment is steeped in history as, in bygone days, the rooms which are now beautifully appointed with en-suite bedrooms were variously staff quarters, the huge kitchen with open hearth, the laundry, and a ?baking room? used by the present owner?s grandmother!

The apartment is fully furnished in a pleasingly eclectic mix of modern and traditional mahogany furniture, some pieces of which are family heirlooms. Each of the 3 large bedrooms has a private bathroom and walk-in closet, and are equipped with king size beds, convertible to twins. The Coconut Suite bathroom has a large tub as well as a shower, while the Breadfruit and Mango Suites have showers.

The apartment is fully furnished and equipped, and is completely separate from the rest of the plantation house, with its own entrance and driveway. Cable TV and DVD are provided in the comfortable living room and broadband internet service is installed. A large dining area and patio lounge open off a modern, well equipped kitchen. There is a separate laundry room, large enough to hang out washing, and is also equipped with a washer and dryer.

Our tenants and guests have unrestricted use of the 3 acres of surrounding gardens, grounds and facilities. There are two swimming pools on the property, one close to the Orchard Apartment, and the other located a short distance away at The Yard.

The property has stunning views of the west coast and is just a few minutes drive from all the amenities of Holetown and Speightstown.

Available November 1st!
